

INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (the "Agreement") is entered into and made effective as of **April 13, 2026** (the "Effective Date"), by and between:

Assignor: Kenneth Renshaw (hereinafter referred to as the "Founder")

Assignee: Neurobotics LLC, an Oklahoma Limited Liability Company (hereinafter referred to as the "Company")

BACKGROUND

The Founder has developed, created, or acquired certain intellectual property, concepts, hardware schematics, software code, and mathematical architectures related to deterministic cognitive systems prior to or during the formation of the Company. The Founder and the Company agree that it is in their mutual best interest for the Company to own all rights, title, and interest in and to this intellectual property.

1. DEFINITION OF INTELLECTUAL PROPERTY

For the purposes of this Agreement, "Intellectual Property" shall include, but is not limited to, all inventions, discoveries, improvements, trade secrets, software code, hardware schematics, circuit board designs, mathematical models, and architectural frameworks developed by the Founder, specifically including the **SBALF** and **SBUD** architectures, and all related documentation, patents, copyrights, and trademarks, whether registered or unregistered.

2. ASSIGNMENT OF RIGHTS

The Founder hereby irrevocably assigns, transfers, and conveys to the Company all of the Founder's right, title, and interest in and to the Intellectual Property, including all associated intellectual property rights, throughout the world.

3. CONSIDERATION

The Founder acknowledges that this assignment is made in consideration for the Founder's receipt of Membership Units (Equity) in Neurobotics LLC, as detailed in the Company's Operating Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged.

4. FURTHER ASSURANCES

The Founder agrees to assist the Company, at the Company's expense, in every proper way to secure, perfect, register, and maintain the Company's rights in the Intellectual Property. This includes executing any necessary patent applications, copyright registrations, or trademark filings required by the United States Patent and Trademark Office (USPTO) or other regulatory bodies.

5. BINDING EFFECT

This Agreement shall be binding upon and inure to the benefit of the parties and their respective heirs, successors, and assigns.

IN WITNESS WHEREOF, the parties have executed this Intellectual Property Assignment Agreement as of the Effective Date written above.
